

## HISTORY CURRICULUM IN IMMERSIVE REALITY FOR GRADES 9-12

## CHOCTAW CODE TALKERS 1918

## OVERVIEW

Before the Navajo Code Talkers of WWII, there were the Choctaw Code Talkers of WWI. These sons of Choctaw Nation played an important role in communicating military strategies in their native language across battlefield phone lines, helping Allied forces win a decisive victory in northeastern France – a turning point which contributed to the end of WWI.

## CURRICULUM FEATURES:

4-minute XR360™ experience (iPhone, Android, desktop, Oculus Quest)

3 hours of standards-aligned course material

Embedded interactive module with quiz + student inquiry tools

360° virtual field trips: WWI battlefields and memorials in France and Oklahoma

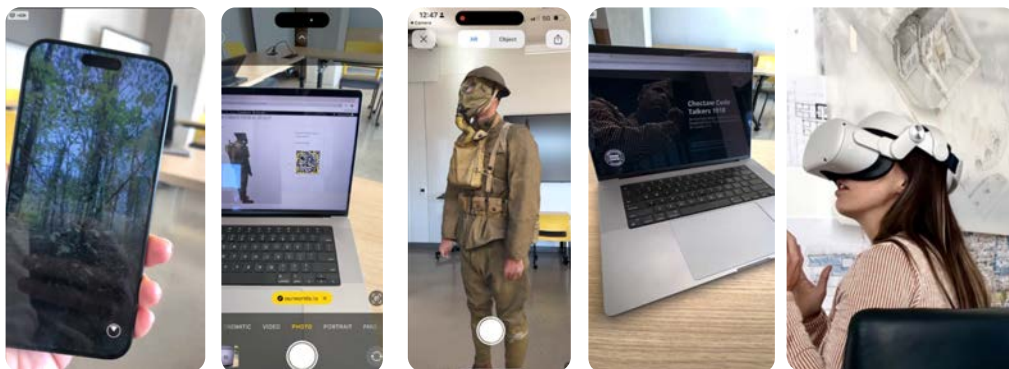

Topics include: WWI history, tribal governance, Native military contributions

XR holograms and immersive AR — from authentic objects to a lifelike WWI soldier

Developed in consultation with Choctaw Nation of Oklahoma, Texas Military Forces Museum, and the School of Choctaw Language

## PILOT BENEFITS:

- ▶ XR360™ immersive curriculum modules
- ▶ AR objects + virtual field trips
- ▶ Standards-aligned and ready to use: lesson plans and teacher support
- ▶ A trunk with 10 VR headsets on loan, shipped directly to your classroom

## JOIN THE PILOT

We are looking for classes interested in piloting the curriculum this fall and spring. Reserve a spot now - spaces will fill up fast! Visit <https://ourworlds.io/pilot>

PLEASE  
RESPOND BY  
OCTOBER 15

XR360° is a patented immersive reality platform developed by OurWorlds, Inc., a Native American education technology company.

U.S. Patent 12/364,161
